AROUND THE WORLD  
CRUISES

An aerial photograph of a tropical coastline. In the foreground, a white sandy beach curves along the shore, bordered by lush green vegetation and palm trees. The ocean is a vibrant blue, with white waves breaking onto the beach. In the middle ground, a large bay with clear, light blue water is visible. The background features several large, green, mountainous islands under a bright blue sky with scattered white clouds. The overall scene is idyllic and scenic.

- Our long-term calendar lets you plan your holidays well in advance, which means you'll have the widest choice too: special offers, cabins, itineraries and additional services to customise your cruise
- All the exciting things to do on board makes it a destination itself

From Autumn 2014 to April 2016. From Mediterranean mini-breaks to four months around the world. No one knows better than us where to take you to let your dreams come true. And there's no better example than our **Around the World** cruises: 115 days with

Costa Deliziosa and **98 days** with Costa Luminosa in 2015, and **108 days** in 2016 once again with Costa Luminosa. Magical **Dubai**, the **United Arab Emirates** and **Oman** will show you the most extraordinary places where East meets West. Sun, crystal clear water, exotic rhythms and fragrances, cities and wildlife will be your welcome in the **Caribbean** and in **South America**. Look even further afield: we'll take you to the **Far East**, from Japan to Thailand, with their ancient civilisations and ultra-modern cities. Our **Grand Cruises** and **Transatlantic** Cruises will

take you from one continent to another, following in the footsteps of the great navigators of times gone by. The **Mediterranean** means sea, art, culture, small islands and big cities, something for everyone, whatever the season. From East to West, and the **Canary Islands**. There's **Northern Europe** too: beautiful wild nature and majestic capitals of culture. And if you want to try a new way of travelling, at a slower pace, the **Costa neoCollection** cruises can show you the Mediterranean, Northern Europe, Dubai, the Indian Ocean and Africa.

CAPRI

# AROUND THE WORLD IN ITALIAN STYLE SINCE 1948

We have always looked to the future by offering guests who travel with us something new on every cruise.

- 16 ships: Costa is an Italian cruise line with the largest fleet in Europe
- The first in the world to offer cruises to the Caribbean, the Far East and Dubai, and invented the flight + cruise formula
- Every year more than a million travellers around the world choose a Costa holiday

Another destination, another itinerary, another ship. For 66 years the passion that motivates us has always been the same: we never rest on our laurels, **we always want to amaze** and devise new thrills that no one else has ever thought of before. This is the philosophy of our founder, Angelo Costa: **stretching the boundaries of cruising** to make your holiday ever more unique. This is the same philosophy that inspires us

every time we design a new ship to add to the fleet: every one of them has something truly unique that makes it different from the rest, in terms of size, technology, innovation and attractions. You'll see why on board **Costa Diadema**. The largest, most majestic, most wonderful new flagship. It's the flag ship of the Costa fleet, and you can experience it yourself from November 2014.

A GREAT ITALIAN COMPANY

## OUR STYLE: MAKING YOUR DREAMS COME TRUE

Our welcome, Italian hospitality and service put you at the heart of what we do.

- “To make our guests’ dreams come true”: this is the primary mission of all Costa staff
- 98% of people who travelled with Costa in 2013 were satisfied with the quality of service they received

your holiday at sea is perfect. This is why Costa staff members are trained in nine campuses around the world and take part in simulations of real life situations on board. Everything else is down to **the price, which already includes so many of things that will make you happy:** your cabin and related services, all meals at the restaurants and buffets, the fun things to do and the shows on board for adults and children, air transfers where necessary and transfers from the airport to the ship.

The philosophy behind **Costa’s style** is to welcome you, make sure you have everything you need and amaze you, as if every time you travel with us is your first time. You’ll find the best of Italy, with **elegance, good taste,** and a sunny disposition and attention to detail, to ensure

## A TASTE FOR TRAVEL

Italian style lunch and dinner at sea, with all the flavours of the world.

- Every day you can choose from more than 50 different dishes in the restaurants and buffets.
- The Costa neoCollection menus have been created in collaboration with the University of Gastronomic Sciences of Pollenzo.
- Diabetic and gluten-free meals are available, and other special requirements can be catered for.

Our roster of excellent Corporate Chefs, including Michelin-starred Fabio Cucchelli, is one of many things that set us apart in the cruising world. From **Italian cuisine**, our speciality, to the typical dishes of the places you visit, we want to delight your taste buds in every way. Great food is available round the clock, always **freshly prepared** by our fleet's 1500 chefs. With a varied choice of top-

quality eating, from the **buffet** to the **Club restaurant**, from the Samsara restaurant to the Pizzeria and the Teppanyaki on Costa Diadema. With the perfect wines to complement it. And, above all, with the perennial ambition not just to please your palate but to add that frisson, that je ne sais quoi, that is not written on the menu but will linger deliciously after every meal.

## TOTAL FUN WITHOUT A CARE IN THE WORLD

*From sport  
to shows,  
everyone will  
find something  
they enjoy.*

- With gyms, swimming pools, jogging tracks and Grand Prix simulators, there's always some kind of sport to enjoy on Costa ships, whether it's real or virtual.
- The Costa White Party is even more special, with themed activities and cocktails, with the fun carrying on way into the night at the pool party.
- The shows on board are high quality productions that you'll find as exciting as the big Broadway shows.

Day and night there's always a new experience to try that will put a smile on your face. A sports match, relaxing in the jacuzzi or a swim in the pool. There are yoga lessons and cooking demonstrations too, and you can go shopping in the gallery or try something new to thrill all your senses: the 4D cinema.

**An evening at the theatre is always glamorous, and the big international shows are spectacular.** You can dance the night away in the disco or in the lounges, bars and cafés, where there's always live music playing, and you can raise a toast to the talented artists singing your favourite songs. And if you think that your magical night could be your lucky night too, it's time for a bet at the casino.

It will give you the chance to truly appreciate the taste for beautiful, well-made things that has made the “Made in Italy” label unique and inimitable around the world.

It will let you enjoy the sea, offering you the most spectacular view over the Mediterranean from its lidos, and with its 500 metre promenade, you'll feel like you're walking along a magnificent shoreline out at sea. It will let you sample new flavours from every corner of the globe: from Japan to Bavaria, from Spain to Italy. It will provide you with endless exciting moments, with lots of new

experiences for your relaxation and entertainment, and an extraordinary Samsara Spa spread out over three floors. Around the world in 108 days. By: you. This vacation is like a novel, so make it your bestseller. Casting off in the winter and finding yourself in Lanzarote only five days later is something to write home about. And it's just the beginning, as you'll have a lot of writing to do about Salvador Bahia and Rio de Janeiro – during the World's most beautiful carnival – and then Buenos Aires and the multi-coloured buildings of the Boca.

# Mediterranean

A wide-angle landscape photograph of a Mediterranean coastline. The sky is a clear, vibrant blue. On the left, a steep, rocky mountain slope descends towards the water. The sea is exceptionally clear, showing a gradient from deep blue in the distance to bright turquoise near the shore, where the seabed is visible. In the foreground, rugged, light-colored rock formations are partially covered with green, scrubby vegetation. A small white lighthouse or tower is visible on a rocky outcrop in the middle ground on the right.

Costa Cruises wishes to satisfy the needs of all those who want to experience a cruise but who have special needs, mobility problems, visual impairments or other disabilities. International regulations require the Company to be aware of any “needs for personal assistance in the case of emergency” (wheelchairs, etc.) of its guests in order to make the necessary arrangements. This information must be provided through the travel agent or directly to Costa Cruises and again on boarding. We recommend that guests with special needs who require special medical assistance and/or equipment travel with a companion and inform the travel agent or Costa Cruises when booking of the dimensions of the any equipment necessary, e.g. a wheelchair. Costa Cruises must be informed of this when making the booking.

It will be our pleasure to offer the “cruise only” section of trips free of charge to companions, provided that they travel in the same cabin as special needs guests. To obtain a free cruise ticket for companions, Costa Cruises must be informed by the Guest at the time of the booking confirmation. Costa Cruises must receive all the necessary documentation within three working days of confirmation. Guests travelling with a companion will be given a cabin for people with special needs. Companions will be carried free of charge until all special needs cabins are filled, however the Family Value promotion is not valid. Note for flights between the European Union and the United States Under US Law and in accordance with an International Agreement between the European Union and the United States, the US Department of Homeland Security (DHS) will receive certain travel and reservation information (known as PNR - Passenger Name Record) about passengers flying between the European Union and the United States. The DHS has undertaken to use this information primarily for the purposes of preventing and combating terrorism and other serious transnational crimes. This and other information may also be used to check whether passengers feature on the lists of people raising aviation security concerns. The PNR data will be kept for at least three years and six months and may be shared with other authorities.

Further information on these arrangements, including measures to safeguard your personal details, can be obtained from your airline or travel agent or from our website [www.costacruise.com](http://www.costacruise.com)

## ON YOUR CRUISE

### SECURITY CHECKS

For the security of all Guests, onboard Security staff will check all people and luggage when embarking and disembarking in all ports of call. Checks are carried out with

X-ray machines and metal detectors. Please cooperate with our personnel to make this procedure smooth and efficient.

Luggage delivered to the cabins is checked upon embarkation. Remember the items listed under the "Luggage" section may not be taken aboard the ship.

We therefore ask you to avoid purchasing antique weapons, knives, daggers, swords or similar objects during shore excursions. If any of these objects are found in your possession, ship Security staff will ask you to leave them behind onshore.

We would also like to inform you that, in line with the health and safety standards adopted by Costa Cruises for its Guests, it is forbidden to bring any kind of food or drink on board, in either hand luggage or cabin baggage. The only exceptions are toiletries (e.g. shampoo, bath foam, creams, etc.), medicines, products or foods specifically made for babies, and products or foods for certified special diets. The ban includes any food or drinks bought during stopovers in ports. Any local produce purchased on stopovers will be held in store on board the ship and returned to Guests at the end of the cruise

## SAFETY ON BOARD

Once you are on board the ship, we kindly ask you to familiarise yourself with the ship's safety procedures by reading the information on the back of your cabin door.

We also recommend that you take a few minutes to watch the safety video that's on screen when you first enter your cabin and that you take a look at "Today" (the onboard daily newspaper) to see what time the emergency drill that you have been invited to takes place. Before departure you will be required to take part in a training session that will show you the route you must take to your muster station. The procedure is very simple because our staff will be positioned in the corridors to help you reach it and because you can see the exact route on the back of your cabin door. You should wear suitable clothes for the drill, bearing in mind that it finishes outdoors, and remember that you should wear your lifejacket when taking part. When you reach the muster station you will be shown the procedure to be followed in case of an emergency so that you can familiarise yourself with it.

The safety of our guests and crew has always been Costa Cruises' utmost priority.

All crew members have a BST (Basic Safety Training) certificate, issued by a recognised international training centre, and also take part in a very intense training programme to familiarise themselves with the ship, with further training for the whole duration of their time on board. Depending on their role, staff also receive other types of special training. For example, the firefighting team is regularly sent ashore to training centres to take part in exercises, with simulated fires that they have to tackle using the techniques they have been taught and putting into practice what they have learned from qualified instructors from professional Italian and foreign firefighting teams, who help us with this type of training.

## EXCURSIONS

Taking you across the sea is our job. Helping you fall in love with the places you visit is an added bonus.

A Costa excursion in the world's most beautiful locations is a unique experience, and you'll find everything, down to the smallest detail, is dedicated to you. In fact, we offer more than 2,200 excursions to choose from, especially designed to meet the demands of every type of holidaymaker.

The organised shore excursions are scheduled to fit in with the ship's sailing times and to allow you to make the most of your visit.

Excursions are optional and may be purchased online by credit card 5 to 10 days before departure (depending on your itinerary) on the website [www.costacruise.com](http://www.costacruise.com), on board at the interactive touchscreen stands, via the interactive TV in your cabin (on some ships), by filling in the form the you will find in your cabin and leaving it at the special Drop Box, or directly at the Excursions Office.

Space is limited on some excursions (particularly on Northern Europe cruises), so we recommend booking in plenty of time.

The excursions are not refundable. The price includes transport, a guide in the ports in the languages offered, and entry to museums and monuments, unless otherwise stated in the relevant excursion descriptions. Meals and drinks are only included in the price when explicitly indicated.

The tour schedule and prices may be altered without prior notice by the organiser at any time before the excursion takes place. Excursions will only take place if a minimum number of participants has been reached. If there are too few people, the excursion will be cancelled and payment will be refunded, without any form of compensation.

Italian-speaking guides may not be available for certain destinations in the Indian Ocean, Far East and Caribbean.

Unless indicated otherwise, means of transport on excursions are not specifically equipped for guests with mobility problems. If requested by guests, Costa may suggest excursions suitable for their needs. Excursions suitable for guests with slight mobility problems are marked as such with a special symbol. For further details, please go to the website [www.costacruise.com](http://www.costacruise.com) where you will find a constantly updated list of the excursions available on each cruise, with a description of the excursion, price and duration, photographs and in many cases videos.

Guests with medical conditions requiring the self-injection of therapeutic drugs or the use of needles are kindly asked to contact their Cabin Steward to request a special container to dispose of sharp medical instruments correctly.

### HOW TO PAY ON BOARD

#### Your Costa Card

Aboard the ship, you will receive a personal Costa Card which will automatically identify your name on the boarding list. During the cruise, you will need to use it when making purchases in the onboard shops and to pay for any extra services (except bets at the Casino's tables). Using your Costa Card will enable you to enjoy your holiday without needing to worry about having enough cash on you for your daily expenditure aboard the ship. Purchases will be automatically added to your cabin account, which must then be settled at the end of the cruise in cash or by credit card (or cheque – see "Personal cheques" section).

Guests who do not register their credit cards will be asked to provide a deposit to cover their onboard expenses within 48 hours of embarkation. The minimum deposit will be 150 euros or 150 dollars per person, depending on the currency used on board. If onboard expenditure exceeds the deposit, a further deposit will be requested.

Total expenditure will be calculated at the end of the cruise and, if applicable, Guests will be refunded what remains of their deposit.

#### Credit cards

The following credit cards are accepted on board: American Express,

VISA and MasterCard. Debit cards, prepaid cards, top-up cards and VISA Electron, Postpay, Bancomat, Postamat and Cirrus Maestro cards are not accepted. We suggest that you check the type of card you have and how it is used with your bank before departure. This service will allow you to receive your bill in your cabin and, unless you state otherwise, it will be charged to your credit card automatically, subject to daily authorisation by the credit card systems. You can register your credit card using the interactive stands or at the Customer Service Desk.

#### Personal cheques

Only cheques issued by Italian banks (i.e. branches located in Italy) will be accepted aboard the ship, with a maximum value of 2,500 euros for each cheque, valid for the sole payment of onboard expenses at the end of the cruise, subject to authorisation by the Centax electronic cheque guarantee system.

#### Foreign currencies

We remind you that the euro is the legal currency aboard our ships, except for Caribbean cruises on Costa Luminosa departing from Miami, South American cruises, Spring transatlantic cruises departing from South America, and Far Eastern cruises aboard Costa Victoria and Costa Atlantica, in which case it is the US Dollar. Cash and Traveller's Cheques can be changed aboard the ship at the Bureau de Change at the Customer Services Desk. It is open at the times indicated in Today, and is normally closed when the ship is in port. We remind you that we do not provide credit card cash advances, so we suggest you bring sufficient local currency or Traveller's Cheques for shore stops.

# GENERAL CONDITIONS

Since the general contractual conditions are updated from time to time in line with changes in the relevant regulations, we would advise our Guests to refer to the contractual conditions that apply when they make their booking.

## 1. APPLICABLE RULES AND REGULATIONS

1.1 This sales agreement for a tourist package in the form of a cruise is subject to these general conditions, in addition to any additional conditions that might be contained in brochures, leaflets or catalogues published by the Organiser, and any other documentation supplied to the passenger by the Organiser.

1.2 The said contract shall also be governed by Italian law in accordance with mandatory legislation and regulations applicable to the protection of consumer rights (Directive No. 90/314/EEC), the Italian Code for the regulation of tourism and the tourism market (Legislative Decree of 23 May 2011 No. 79, hereinafter the "Tourism Code"), the European Regulation n°329/2009 and/or national and international legislation and regulations regarding the individual services that constitute the tourism field.

1.3 The single clauses of these general conditions have to be regarded as independent of each other. The total or partial invalidity of a single clause or paragraph will not invalidate any other clause or paragraph of these general contract conditions.

## 2. STIPULATION OF THE CONTRACT

2.1 The booking application will be drawn up in a specific form (in a computerised version, where applicable), every part of which should be filled in, to be signed by the passenger.

2.2 The tourist packages sold on line are sales offers in Italy for all legal purposes, and the agreements regarding these are signed in Italy.

2.3 Acceptance of bookings is subject to availability, and is finalised for the purposes of formalising the agreement only upon confirmation by the Organiser (which may take place on line).

The bookings are subject to the payment by the passenger of the deposit referred to in article 3.1. Failure to pay the deposit will lead to cancellation of the booking.

2.4 The promotional offers, or those involving special conditions by way of exceptions to those set out in the catalogues, are subject to availability and time limits, in accordance with the conditions laid down by the Organiser from time to time, at the absolute discretion of this latter.

2.5 Travel Agencies holding the required licence shall act as the Passenger's agent and, pursuant to article 87 of the Tourism Code, may only issue a copy of the contract if they already hold a confirmation from the Organiser referred to in the previous paragraph.

2.6 In the case of a single booking made for a number of parties, whose names are to be listed in the booking form, the party making the booking guarantees that he or she is duly authorised to do so on behalf of the parties concerned, and will also guarantee that the other parties named in the booking form will act in accordance with all the contract obligations.

2.7 Bookings for minors will not be accepted. Without affecting the terms of article 2.6, bookings for passengers who are minors have to be made by parents, guardians or other adults in possession of the necessary powers to do so, and will be accepted only if the minor is to be accompanied by at least one parent or another adult, who will take on full responsibility in this regard.

2.8 As the vessels are not equipped to offer assistance in pregnancy and childbirth, bookings will not be accepted from passengers who have entered the 24th week of estimated fetal gestational age at any time during the cruise. All pregnant women must produce a medical certificate attesting to their good health and their child's. Costa Cruises will not, in any way, be held responsible for any event that occurred during or after the trip and arising out of or related to pregnancy.

2.9 Children are not permitted to sail prior to 6 months of age on the first day of cruise. For the cruises longer than 15 days that are related to the following destinations the minimum age is 12 months: Africa, Far East, Indian Ocean and Unique Journeys.

2.10 The vessels have a limited number of cabins for disabled passengers, and some areas and facilities on board are not accessible by the disabled and/or are unable to accommodate disabled passengers. Consequently, bookings from disabled passengers will be accepted within the limits of

such availability and, if necessary, may require that such passengers be accompanied by persons capable of offering them the assistance they require as per European Regulation no. 1177/2010.

2.11 At the time of signing the agreement, the passenger will inform the Organiser of any illnesses or physical or mental disabilities that might require special forms of care or assistance. No bookings will be accepted for passengers whose physical or mental conditions make their presence on the cruise impossible or dangerous for themselves or others, or who require forms of care or assistance that it is not possible to guarantee on board the vessel.

2.12 Information relating to the cruise that is not contained in the contract documents, in the brochures or on the Costa Cruises website, or via other means of communication, shall be supplied to the Passenger by the Organiser, in accordance with the provisions of the Tourism Code, in good time before the beginning of the journey.

2.13 The Organiser reserves the right to waive these general conditions in relation to particular contract categories (such as groups or incentive travel) and promotional offers referred to in article 2.4 above, to which the terms and conditions specifically stated on each occasion shall apply.

## 3. PAYMENT

3.1 When the agreement is signed, a deposit will be payable. This will be equivalent to the amount specified in the catalogue, and will in any case be no less than 15% of the price, including the full booking fee, where applicable. The balance due will be paid at least 30 days prior to the date of departure. For bookings made less than 30 days prior to the departure date, the full price will be paid at the time when the agreement is signed.

3.2 Failure to pay the balance due on the dates specified above will lead to the cancellation of the agreement in accordance with the terms of the express termination clause. In such cases, the Organiser will have the right to compensation for any additional damage caused.

3.3 The travel ticket, which authorises the passenger to gain access to the vessel, will be issued to the passenger after the full balance of the price has been paid and if following data are available: Date and place of birth of passengers Number, date and place of issuance, expiry date of the passport or Identity document according to what foreseen by law in force.

3.4 Payments made through Travel Agencies will be regarded as received only when the sums in question have been effectively passed on to the Organiser. Payment for web bookings.

3.5 For all bookings made online via Costa's website full or instalments payment is due via credit card or debit card at the time of reservation. Costa Cruises accepts American Express, Visa and MasterCard as payment for your cruise. Instalments can be paid only if the cruise holiday is purchased 70 days before departure date. First instalment, which is not refundable, must be 20% of the booking gross total + 100% of the insurance premium, second instalment must be paid within 70 days before ship departure date. Non-payment of the balance of the aforesaid payments on the established dates constitutes a breach that is the subject of the express resolution clause of the contract, such as to cause the legal resolution of the same, subject to the payment of compensation for any further damages suffered by the Organiser. The transportation ticket, which constitutes the legitimising document for access on board the ship, shall be delivered to the passenger after 125 payment of the total balance of the price.

## 4. PRICES

4.1 Prices shall be inclusive of everything that is expressly stated on the website and in the contract form signed by the passenger. The prices stated on the website are not inclusive of the service charge. The prices stated in the catalogue do not include:

(i) the service charge: described in the catalogue and stated beside each price table with the wording, (ii) port taxes: a flat rate contribution that varies depending on the itinerary and duration of the cruise, (iii) registration: 50.00 Euros per person to cover booking administration costs.

4.2 The catalogue indicates a minimum price known as "Pronto Price" (Book Immediately) and a maximum price known as "Listino" (Full Fare). For each cruise, a limited number of cabins will be available at the minimum price. When these are no longer available, the remaining cabins may be placed on sale at prices greater than the minimum, of which the

passengers will be informed when the booking application is received. Except where otherwise indicated as set out in paragraph 3 of this article below, such prices will be no greater than the maximum price indicated in the catalogue under the "Full Fare" heading.

4.3 Prices included in the pricing grids of this preview were determined February 2011, month of the first edition, considering the fuel costs of 394 euro (per tonne average Platts Genoa IFO 380, using a change of 1,00 usd = 0,7478). If there is a fuel cost increase in the cost of marine fuel that is lower than 10% there will be no increase of the cruise price. For fuel cost increase of 10% the price of the cruise (excluding flights, transfers, taxes and any other add-on) will increase by 3%. In case of fuel cost increase higher than 10% the price of the cruise will increase proportionately, starting from the 3% base. Please see following examples:

fuel cost increase 15% --> cruise price increase up to 4,5%;  
fuel cost increase 30%--> cruise price increase up to 9%

4.4 The prices indicated are per person. If however a passenger becomes the sole occupant of a cabin as a result of withdrawal or cancellation by the other occupants, the passenger in question will have to pay a single cabin supplement.

## 5. MODIFICATIONS TO THE VOYAGE

5.1 If the Organiser is forced to make any significant changes to an essential aspect of the agreement, including the price, prior to the departure date, it will inform the passenger of this fact as soon as possible. For such purposes, a significant modification is a price alteration of more than 10% of the total, or a change which has an effect on factors that can be regarded as fundamental to the cruise considered as a whole. Merely by way of example, modifications of the following kinds are not regarded as significant: (i) changes of carrier, flight times and itineraries, provided the date of departure and arrival remains unchanged and access to and disembarkation from the vessel are permitted on the dates and at the times scheduled for the cruise, (ii) the replacement of the ship on the basis of the terms of article 5.4, (iii) changes to the cruise itinerary on the basis of the terms of article 5.5, (iv) the allocation of a different cabin on the basis of the terms of article 12, (v) changes to the type of hotel accommodation, provided the hotel belongs to the same category (vi) changes in the scheduling of events and other forms of entertainment on board the vessel.

5.2 A passenger who receives notification of a change to an essential aspect or a price modification of more than 10% will have the right to withdraw from the agreement without the application of any penalty, or to accept the modification, which will then become a part of the agreement, with the precise specification of the changes and the effect of these on the price. The passenger will inform the Organiser of its decision - through the Travel Agency where appropriate - within 2 working days of the date when he or she becomes aware of the modification. If no such written notification is issued, it will be understood that the modification has been accepted.

5.3 If the Organiser is unable to supply an essential part of the services specified in the contract due to reasons not attributable to the actions or conduct of the passenger, it will provide alternative solutions compatible with the technical and safety requirements, at no additional cost to the passenger. If the alternatives supplied are of a value that is significantly lower than the scheduled services, the passenger will be reimbursed within the limit of the differences in value. If no alternative solution is possible or the solution proposed by the Organiser is turned down by the passenger for acceptable, justified and proven reasons, the Organiser will provide a means of transport equivalent to that laid down for the return to the point of departure, or to any other destination that might be agreed upon, at no additional cost, only if such a solution is objectively indispensable in the circumstances. The Organiser will reimburse the passenger for the services not used, after deduction of the costs sustained by the Organiser in any way.

5.4 It is acknowledged that the Organiser has the right to replace the scheduled vessel with another of similar specifications if this is necessary for technical or operational reasons, or in relation to the safety of the ship.

5.5 The Organiser, and the Captain of the vessel on behalf of this latter, have the right to modify the cruise itinerary due to unforeseen and uncontrollable circumstances or for reasons regarding the safety of the ship or its navigation.

## 6. WITHDRAWAL BY THE PASSENGER

6.1 The passenger may withdraw from the agreement without incurring any penalty only if he or she has been informed of the modification of an essential aspect under the terms of article 5.1 above. In such a case, if the passenger should withdraw from the agreement he or she will have the right to make use of an alternative package, or to the reimbursement of the payments already made at the time of the withdrawal. The package that the passenger decides to make use of will have to be of an equivalent or greater value (but without price supplements) to that originally selected. If the Organiser is unable to offer a package of an equivalent or greater value, the passenger will have the right to the reimbursement of the difference.

6.2 A customer who withdraws from the agreement for reasons other than those specified in the previous paragraph will be debited with the following sums:

# COSTA DELIZIOSA

The shape of perfection.

What does pleasure look like? For the sculptor Arnaldo Pomodoro it's a bronze sphere that shines in the elegant hall. For the architect Joseph Farcus, who designed the hall, it's an embrace of wood, light and surfaces: natural and soft in the daytime, warm and passionate in the evening. For the artists on board it means Magical delightful places with intriguing female figures that give life to breathtaking paintings, installations, photographs and sculptures. Pleasure, for us, means seeing the joy in your eyes. And what about you? Come and choose what pleasure means to you from all the delights on board. You'll be seduced and bewitched but most of all your dreams will come true. Costa Deliziosa is a true delight: a diamond in the fleet designed to give you a dream holiday.

# COSTA LUMINOSA

Make a wish.

The stars of the art world and other rising stars alternate on the decks and common areas complementing the innovative design, precious materials and new attractions taking you on a journey through light. From the transparent glass to the thousand sparkles of the Murano glass lampshades, from the iridescent fabrics of the furnishings to the light displays and shows at the Phoenix Theatre, everything on board shimmers. During the day the monumental sculpture by Fernando Botero “Donna Sdraiata 2004” shines under the sun’s rays that filter through the hall’s glass roof, but at night you can be the shining star of a moonlit party. Come and find out how you can enjoy the best that a Costa holiday has to offer on just one cruise.

# COSTA PACIFICA

## Music on the Water.

What will make your holiday on Costa Pacifica unforgettable? The soundtrack. On the outside decks you'll hear the waves breaking against the ship, the backwash, the seagulls' calls, the flags flapping in the wind. In the theatre you can hear the pure hi-fi sound of a real auditorium and at the recording studio you can record the performance of a lifetime. In the restaurants and lounges there are 29 pieces that the maestro Mauro Pagani himself has arranged for your stay on board. Costa Pacifica is the ship of music. Hear it, see it, live it. This is why composers, operas and instruments decorate every corner and the sea will sing you a serenade every time you go out onto your balcony.

# COSTA SERENA

In the company of the gods.

# COSTA MAGICA

A date on the riviera.

It's not a trick of the light, the most picturesque settings in the Italian peninsula appear on Costa Magica so that you can have a place in the sun wherever you are in the world. The decks are named after the greatest artists in history: from Tiziano to Donatello, from Michelangelo to Giotto, and in every corner of the ship there are works of art waiting to be discovered, created by the Accademia di Belle Arti di Brera in Milan on the theme of magic. The smile of the Mona Lisa contorts before your eyes, while what would seem to be Luciano Pavarotti sings "O sole mio" between one dish and the next in the Portofino Restaurant. Is it real or just an illusion? And the spa staff will show you all the amazing things you can do at the Saturnia Health Club, so that you can experience the magic of a spa on board too.

# COSTA FORTUNA

Always first class.

Experience the charm of the grand transatlantic crossings from the 20th century on board. At the Rex Theatre, while the dancers tap dance, you can imagine what life was like on board the sumptuous ships of days gone by. In the spectacular Hall you can admire replicas of Costa's most beautiful ships that bear witness to the Company's glorious history or relax in an oasis of wellbeing in the Saturnia 1926 Health Club with its scene-stealing central Jacuzzi. And when night falls, you'll be enchanted by the notes of the piano, like in Giuseppe Tornatore's film "The Legend of 1900", or you can gaze in awe at all the stars through the clear roof of the Conte Grande 1927 Club.

# COSTA MEDITERRANEA

Make every moment special.

The majestic sculpture by Gigi Rigamonti with its sinuous dancing figures suspended in the Maschera d'Argento Atrium invites you to head for the elegant dancefloor, while the masks of six famous characters from the Commedia dell'Arte observe you on deck 4 with opulent costumes by Alberto Nodolini. With its portrait galleries, Baroque settings, frescoes and twirling putti, it's easy to become a part of the ship's sophisticated, aristocratic spirit. Costa Mediterranea is in fact dedicated to the majestic palazzos of 17th and 18th century Italy. So as you dine in the Argenterieri Restaurant, imagining what life was like in the Palazzo Biscari Paternò in Catania that it is inspired by, you can admire the precious inlaid panelling and the collection of 143 silver works of art.

# COSTA ATLANTICA

An Oscar-winning holiday.

This ship offers you the thrills, the settings and the emotions that cinema and art have given us: the maestro Federico Fellini and his films, the historic Caffè Florian in Venice, Via della Spiga in Milan, the 20th century Tiziano Restaurant. Time and time again you'll be amazed by the ship's beauty, as you have a masterpiece of a holiday. Like Claudia Cardinale, who christened the ship, you can sweep down the large long glass staircase by Luciano Vistosi that leads to the Club Restaurant, and treat yourself to a slice of the real "dolce vita". Costa Atlantica is a ship it's a delight to get lost in. When you look around you and take in the moods, the colours and the extraordinary settings that make this ship unique, you'll be truly amazed.

# COSTA VICTORIA

Design on show.

Costa Victoria is the designer ship. Abstraction and construction come together on board to create elegant and sophisticated rooms enriched with prestigious finishings and works of art like the precious mosaic by Emilio Tadini that adorns the Capriccio Bar. The purity that is a feature of the ship can also be seen in “Albero del Cielo”, the steel sculpture by Gianfranco Pardi that rises elegantly up on high in the spectacular Planetarium Atrium. Colourful and minimalist, it is the perfect setting for this work of art on the fleet’s most modernist ship. Costa Victoria will amaze you with its sophisticated furnishings and incredible settings: from the Pompei Wellness Centre, inspired by Roman baths, to Concorde Plaza, surrounded by windows looking out over the sea, where every evening you can dance under the stars and experience a totally unique holiday.

Timeless design.

The ship is modest and elegant, as you can see from the new-look furnishings that welcome you when you board. Like Ginger and Fred, Luciano Vistosi's glass sculptures located in the centre of the hall, who invite you to go for a twirl on the marble flooring as if you were on a glittering dancefloor. With live shows and a piano bar the music rises up to the skies, where the Galileo Club Observatory awaits you - the beautiful circular disco on the ship's top deck. And like a show within a show, the delicate mosaics by Emilio Tadini decorate the theatre. A romantic "fin de siècle" Paris awaits you at Piazza Navona, with small intriguing sculptures by Isaac Maimon, where ladies sitting in an old-style café are waiting for their loved ones. Don't keep them waiting!.
